EDITORIAL

"Make a practice of reading newspaper advertising." This is advice given to his friends by one of the shrewdest traders that Windham County has produced. Elaborating on the idea, he further advised: "Read with very great care all special newspaper advertising. Do this and you'll be able to save a surprising amount of money every year."

John Jones may be selling potatoes for 10 cents less a peck than is Peter Brown, but you may not know a thing about it unless you keep close watch of Jones' advertising.

You may pay more than you would have to elsewhere for a new hat, a pair of shoes, a hot water bottle, a pound of crackers, or any one of a thousand articles if you do not keep closely in touch with the advertising announcement of your home business men.

Regularly on this page Danielson business men offer special inducements to attract you to their stores. It is good business for them in more ways than one, but a special object is to keep constantly before the buying public in Eastern Windham County that Danielson is a classy Trading Center and one that is constantly extending its sphere of influence.

Business Houses represented here pride themselves on the splendid values they have to offer. They represent the soul of the "Trade in Danielson and Save Money" slogan.
